Welcome at the Alpen Adria Hotel in Carinthia

Holidays in Carinthia!

Welcome at the Alpen Adria Hotel in Carinthia!

A house with a familiar atmosphere situated on the sunny side of Presseggersee lake and framed by the Gailtal and the Carnic Alps. A 4* hotel boasting comfortable rooms with shower/WC, phone, radio, satellite TV, hair dryer, bath robes, bath towels, safe, some with balcony and mini bar.

Wellness

Relax and indulge yourself in the "Alpen Adria Spa" with indoor swimming pool and six different saunas, massages, baths and the finest beauty treatments.

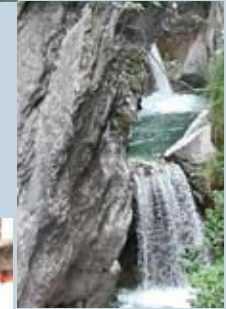

In the morning, we will spoil you with a breakfast buffet and, in the evening, with four-course dinners according to your choice, a salad buffet, Carinthian specialities, notte italiana, etc. You can choose from among 130 selected wines from Italy and the best Austrian terroirs.

MOUNTAINS AND LAKE IN SUMMER

Carinthia, Presseggersee, Gailtal: an environment that fulfils every wish. A short glance from our hotel to the Carinthian landscape evokes the presentiment that this environment has very special attractions.

Presseggersee lake is only a few steps away from the hotel, the skiing area Nassfeld – the biggest one in Carinthia – with its unlimited skiing and hiking options is also in the immediate proximity.

MOUNTAIN AND LAKE – Carinthia, the province with the southern climate

Mighty mountaintops, lovely natural landscapes and the idyllically situated Presseggersee lake present themselves like in a holiday picture book, perfectly “adorned” with a more than 1000 km long, marked network of hiking trails from

600 to 2800 m above sea level. In the hotel’s proximity, there are numerous running, hiking and nordic walking trails.

Only a few steps away from your holiday accommodation, you will find the First Carinthian Adventure Park – perfect pleasure grounds for “small and tall children”! Cycling tours take you through the Gailtal

or over the mountains and down to the dales on your mountain bike; gliders lift off from the airfield Nötsch; and golfers find the right irons on one of the surrounding courses.

Experience the pure spirit of adventure while rafting, canyoneering or river tubing!

SPRING, SUMMER AND AUTUMN

MOUNTAINS AND SNOW IN WINTER - Skiing area Nassfeld - Hermagor!

The Nassfeld is only 12 km away from the Alpen Adria Hotel. A free shuttle bus takes you directly from the hotel to the bottom station of Millennium Express, one of the longest gondola lifts in Europe (travel time approx. 20 minutes).

Carinthia's largest skiing area with more than 110 km of slopes, more than 1200m altitude difference in 30 state-of-the-art lifts makes the hearts of tall and small winter sportspeople beat fast. The many really cosy chalets offering popular Carinthian delicacies tempt one to stop-off.

Additional free time activities: Skating on the frozen Presseggersee lake, a fire & ice hiking tour with glühwein, cross-country skiing on many kilometres of groomed ski runs through the Gailtal, sledging, curling, a romantic tour on a horse-drawn sleigh, snowshoe hiking or simply the good old snowball fight.

WELLNESS - ALPEN ADRIA SPA

Plunge into the indoor swimming pool, let yourself be massaged by bubbling whirlpools and listen to the relaxing sounds of underwater music. In the sunny months in Carinthia, an outdoor pool and the neighbouring Presseggersee lake are also open to swimmers.

For those who like it hot ...

We have brought the mountains and the sea into our sauna world. "Waldstubb" sanarium, ice grotto, Gailtal "sweatbox" and infrared cabin reflect our alpine environment.

The "grotta azzurra" laconium, the sea air room "Blue Lagoon" with waterbeds and

the damp aroma steam bath will remind you of the Adriatic Sea. In front of a crackling open fire in the "fire room", you can rest and recharge your batteries on anatomically shaped wellness beds that are only moved by breathing.
